

## Running Thesis Grant of Students

S.N	TITLE OF THE REASEARCH	Grantee	SUPERVISOR	STUDENT NAME
1.	Development and Evaluation of an in an in-House IgG –Capture ELISA for the Detection Of Dengue virus and its Application to a Dengue Outbreak Situation in Nepal in 2016	UGC	Prof.Krishna D Manandhar	Mahesh Lamsal.
2.	Serotype specific neutralizing Antibody study in Nepalese Population by Plaque Reduction Neutralization Test.	UGC	Prof.Krishna D Manandhar	Sudiksha Chaulagain.
3.	Molecular investigation of Carbapenem resistant pathogens Prioritized as critical by WHO.	UGC	Prof.RajaniMalla/ Suresh Subedi	SamikshyaKafle.
4.	Bioprospecting characterization of medicinal plants of Nepal	UGC	Prof.Krishna D Manandhar	PratikshyaMainali.
5.	Molecular and immunological profile of Hepatitis virus in Nepal	UGC	Dr.SmitaShrestha	SilaMahatara.
6.	Isolation and characterization of Himalayan psycrophilic Cyanobacteria from Central region of Nepal.	UGC	Prof.Krishna D Manandhar	Pradipkumar Chaudhary.
7.	Construction of bacteria for field trial with carbon Nano-particles.	UGC	Prof.RajaniMalla/ Dr.PramodAryal	Rajani Singh
8.	Management of antibiotic resistant pathogens.	TU-CAS	Prof.RajaniMalla/ Dr.PramodAryal	Manju Maharjan.
